WELCOME

— A quick guide before you prepare —

*Small
Steps
Healthier
Happier You*

This guide shows you the simple Horse Gelatin Trick recipe using easy ingredients you can prepare at home.

You will see the ingredients, step-by-step preparation, and how to use it daily.

Keep it simple: prepare, drink, and stay consistent.

Best used as a simple daily food-based routine.

INGREDIENTS

— What you need —

10 g
unflavored
gelatin powder

150 ml
water

50 ml
warm water
(about 40–50°C)

1 teaspoon
honey

Optional:
lemon slices or
a few drops of lemon juice

Tip:

Choose food-grade, unflavored gelatin.

STEP 1

HYDRATE THE GELATIN

*Small
Steps
Big
Benefits*

Add 10 g of unflavored gelatin to 150 ml of water.

Let it sit for about 5 minutes.

Wait until the gelatin absorbs the water and blooms.

TIP:

Do not rush this step.

STEP 2

DISSOLVE

*Small
Steps
Big Benefits*

BLOOMED
GELATIN

Add 50 ml
of warm water.

Stir gently
until fully dissolved.

Use warm water,
not boiling water.

Tip: A smooth mixture is easier to drink.

STEP 3

ADD HONEY

Sweetness for More Energy

*Small
Steps
Big Benefits*

Add 1 teaspoon of honey.

Stir well until combined.

If you want, add a few drops of lemon juice for flavor.

TIP:
Lemon is optional.

READY TO DRINK

— The finished recipe —

*Small
Daily Habit
Big Benefits*

How to use

Drink 1 serving
once a day.

Morning is
the simplest
option.

Stay
consistent.

Prepare
fresh.

SIMPLE TIPS

— How to keep the routine easy —

Drink enough water during the day.

Keep meals simple and balanced.

A short daily walk supports consistency.

Good sleep helps your routine.

Simple habits work better than complicated plans.

IMPORTANT NOTES

Before you prepare

1

Use only food-grade ingredients.

2

Do not use veterinary products.

3

Do not exceed the suggested amounts.

4

If you have a medical condition, ask your doctor before using new food routines.

5

This is a simple food-based recipe, not a medical treatment.
